Re: VAC-E1401394**

**Thank you so very
much for
considering the
petition to approve
our area as a
vacation of the
public right of way,
reference number
VAC -E1401394. We
strongly SUPPORT
the vacation and
really appreciate
your consideration.
We have lived in this**

area since 1984 and have seen a dramatic change in the traffic patterns through our small streets. We think this heavy change started with Waze redirecting traffic off of Beverly Glen. What we have ended up with is heavy traffic speeding down our side streets. We live on Autumn Leaf Circle and have found that cars will use our street as a side street and travel at very fast rates of speed 40 to 45 mph.

Our street is effectively about 12 feet wide with cars parked on both sides. This is a one block street. We have well over a dozen children on our short block and the safety issue has become significant. This is especially true at traffic times! The other streets around us have experienced issues as well. We personally have almost been hit by cars coming around the corner from Woodwardia to save

a minute of traffic time. It has been very scary, both driving and walking. The anger of people who have been stuck in traffic is significant. We know what it's like to be stuck on Beverly Glen for any length of time. It is not the best situation, but our small streets have become a diversion for angry drivers. The street is only wide enough for one car at a time when considering the parking on both sides. Blocking our

**whole area off will
bring not only peace
of mind but safety to
our area, our
children and our
community. We
expect that people
who are against this
project have not
experienced the
issues that we have
had. We are
grandparents, and
have heard from
many parents on our
block as to how
reckless the drivers
are and how unsafe
it is for the children.
We have seen this
for ourselves and
have experienced it**

**as well. We do
appreciate that
blocking our area off
will also make it a
safer
neighborhood. Again,
we strongly support
gating our
community. We truly
appreciate your effort
and making us safe.**

**Please let us know if
you have any
questions.**

**Sincerely,
Greg and Lois Good**
