RE: Letter Requesting Traffic Study

Honorable Councilmember Paul Koretz:

We, Robin Greenberg and Nickie Miner, declare that we are the President and Vice President respectively of the Bel Air-Beverly Crest Neighborhood Council (BABCNC), and on May 24, 2017, a Brown-Act noticed public meeting was held by the BABCNC. With a quorum of board members present, and a vote of yes; no; abstentions; absent, the Bel Air-Beverly Crest Neighborhood Council passed a board resolution requesting the following action by your office:

The three-month experiment to alleviate traffic at the intersection of Beverly Glen Boulevard and Mulholland Drive and also Nicada Drive and Mulholland Drive has ended. This was reported to the Bel Air-Beverly Crest Neighborhood Council by Gurmet Khara, the representative from your office, at our April 26, 2017 meeting.

Since this was a traffic experiment by the City of Los Angeles, we hereby request a copy of all reports on this experiment, including conclusions, if any, and supporting data.

We wish to know if a traffic study during this time period saw faster travel time, slower travel time or no change in travel time for Los Angeles citizens across the mountain on Beverly Glen Boulevard. We wish to know the specifics of such a travel study.

Thank you for your swift attention to this matter. We are certain that such a substantial investment in this experiment has resulted in some written analysis.

Robin Greenberg, President
Bel Air-Beverly Crest Neighborhood Council
