1. **Call to Order:** President, Robin Greenberg, called the meeting to order at 7:03 pm.
2. **Roll Call:** 21 present initially. Heather Roy stood in for Cathy Wayne who was out sick. Jamie arrived 7:19, for a total of 22; Jacqueline at 7:53, for a total of 23. New member, Sam Sanandaji, DPM, replacing Gary Plotkin, was ratified in his absence, at the start of the meeting, and arrived at the table at 8:14 pm, at which time we had 24 present & 8 absent. Sam had completed the ethics, funding and code-of-conduct trainings.
3. **Pledge of Allegiance**
4. **Approval of January 24, 2018 Agenda: Moved by Larry, seconded by André.** Larry noted that we do not need a motion to approve a committee meeting. (The agenda had possible motion to schedule meetings for committees that had not met recently.) **21/0/0; passed as corrected.**
5. **Approval of December 20, 2017 Minutes (Attachment A)** Copy was circulated with agenda. **Moved by Nickie, seconded by André; 21/0/0; passed as written.**
6. **Public Comment: Pamela Pierson** would like to know from Linda and Jamie (who were not present) the legal results of the trees action. As to protected animal pathways along Mulholland, she would like Tony to know that they can appeal to the Dept. of the Interior. To the Traffic Committee, she noted that Sherman Oaks is getting coverage, and asked if we can do what other municipalities are doing that have passed laws precluding people from transiting through communities within peak traffic hours, that are giving traffic violations and requiring permits. She would like to know City Council’s position on tour buses, the municipal code that regulates them, and if enforced as to licenses, times and extent of touring. Pamela concluded that Sherman Oaks forced WAZE out of community.

Joanne Deutsch gave a tribute to Jackie Hunsicker, who has sadly passed away. She described Jackie as a “fearless volunteer,” and related examples of her great service to the community. She noted that Jackie and Jason Post supported a “no litter zone.” Their mission was to have people stop dumping. She related that we will all miss her, and asked that we keep giving to Raul. She noted that Jackie was always happy to help, and asked that we carry on in her memory. “Do not let the work drop because she passed away.”

Robert Mahron: Robert related that a committee of Laurel Canyon Association is working on adopting five medians for beautification using the city’s “Adopt a Median” Program. He is asking for letter and financial support. They will be between Sunset and Mulholland in Laurel Canyon. They have requested funds from CD4, LCA & Mount Olympus who are all supporting. They are trying to raise \$15,000.00.

New Business / Motions & Resolutions (Discussion & Possible Action)

17. Westside Regional Alliance of Councils (WRAC) Robin Greenberg & Nickie Miner

a. Update by BABCNC WRAC Representative: January 17th meeting

b. Motion: Opposition to Transit-Rich Housing Bonus Bill [Weiner, SB 827]

i. Whereas the City Charter-mandated Neighborhood Council system of Los Angeles, and the Community Councils of the City of Los Angeles, represent grass roots democracy,

ii. Whereas the newly introduced California State Senate Bill 827 [Scott Weiner] as written constitutes a top down pen stroke planning measure which completely removes land use and planning authority within one half mile of high quality transit from jurisdictions and charter cities,

iii. Whereas removal of said authority clearly abolishes local input into land use planning and therefore constitutes an attack upon local democracy, upon neighborhoods, and upon the Neighborhood Councils and Community Councils in the City of Los Angeles,

iv. Whereas SB 827 as written trashes the density bonus and wage provisions of the JJJ TOC ordinance which were recently enacted by the people of Los Angeles—in good faith—in order to *guarantee* transit close housing opportunities would actually be available to working and low income persons and families in the City of Los Angeles,

v. Whereas the lack of analysis of infrastructure and other costs associated with this pen stroke planning creates grave uncertainty that a local agency would be able to “levy enough service charges, fees or assessments sufficient to pay for the program or level of service mandated by this act within the meaning of Section 17556 of the Government Code”,

vi. Whereas, given the aforementioned lack of fiscal analysis, Section 6 of Article XIII B of the California Constitution “No reimbursement” clause is cited inappropriately in this legislation,

vii. Therefore, the Bel Air Beverly Crest Neighborhood Council opposes SB 827 in its present form.

Moved by Robert; **seconded by** André. Travis gave update on this item, noting that the bill would supersede local zoning regulations around “transit” which would mean an inability to have design review, a

say on number of floors, units per parcel, among other things, and all of this will be done from Sacramento. Travis showed us a map put together by a fellow who supports the bill; the map has two colors, one around corridors and one around junctions, and illustrated that this involves all of Los Angeles minus the hillsides. He noted that even advocates recognize that this is an aggressive proposal that does away with local zoning. Nickie added that this means no local control, that the state will control us, and that this backs up the idea to get rid of RU1-zoned housing, so-called “under-utilized space” (per the city’s language). It would affect a half-mile radius around any transit district. She would not want the bill in any form.

24 yes; 0 no; 0 abstentions, passed. To send to WRAC, the Assembly members, Mayor, Governor. (Introduced by California Senator, Scott Weiner, Co-Authored by California Senator, Nancy Skinner, and 19th Assembly District, State Assembly member, Phil Ting, Chair of the Assembly Budget Committee.) https://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201720180SB827

c. **Next WRAC meeting: February 21, 2018 @ 8:30 a.m.**

18. Discussion, Possible Motion with Submission of a CIS on Eliminating Categorical Exemptions on Filing of Planning Cases: Possible Motion: To pass a resolution to let the City and the CD4 and CD5 offices know that the BABCNC believes that categorical exemptions (CEs) should not be given to residential development in our area for two reasons: 1) preservation of the hills and open space, as detailed in the Santa Monica Mountains Conservancy Act passed by the legislature in 1979 and 2) the cumulative impact of the large number of construction sites currently in our area.

Jamie related that he came across the SMMC Act, and read from it, noting that the Santa Monica Mountains are “an environmental resource of critical concern.” He noted that he read this to PLUM Committee and they said “they don’t care.”

Motion: To support this as a letter to the Mayor and other city representatives **moved by** Tony; **seconded by** Larry. Discussion was held; and the motion **passed by 24 yes; 0 no; 0 abstentions; and 8 absent.** (Sam voted.) (Jamie will provide letter.)

19. Motion: Submit a CIS supporting the Laurel Canyon/Bird Streets Overlay CF#16-1472-S2. Moved by Larry; seconded by Tony; 24 yes; 0 no; 0 abstentions; passed.
